

Glass in the digital era conference theme

Staged by the Vietnam Glass Association (Vieglass), with *Glass Worldwide* as official journal, the 41st ASEAN Glass Conference takes place at the Furama Resort in Da Nang, Vietnam on 9-12 October 2017.

Adopting the theme 'Glass in Digital Era', the 41st ASEAN Glass Conference will be staged in Vietnam for only the second time on 9-12 October 2017. This follows a successful event in Hanoi in 2012 that attracted approximately 300 people from 32 different countries. Leading personalities from the region's hollow and flat glass communities will come together again this October with their international suppliers for a series of technical presentations.

The conference will be supported by an extensive social programme, aimed at strengthening business networking and collaboration, including a golf day, Da Nang city tour, heritage tour and dinner, flamenco show, Hue city tour and a closing gala dinner and cultural show.

Also held in parallel with the conference, 'Business Connection' meeting rooms will again offer delegates the opportunity to learn more about the activities of leading suppliers in attendance.

A member of the AFGM since 2009, Vieglass has more than 100 members, including such flat glass and hollow glass manufacturers as SanMiguel Yaramura Haiphong, Vietnam Float Glass, OI-BJC Vietnam,

Thai Tran Quoc with a copy of *Glass Worldwide*, official journal of the ASEAN Federation of Glass Manufacturers.

Thai Tran Quoc and Nguyen Huy Thang at last year's ASEAN Glass Conference.

The AFGM plenary session will again be staged during the 41st ASEAN Glass Conference.

The Vietnam Glass Association is an important member of the AFGM.

Vieglass General Secretary, Nguyen Huy Thang enjoys a networking opportunity with other AFGM dignitaries last year.

The first ASEAN Glass Conference to be held in Vietnam attracted approximately 300 people from 32 different countries to Hanoi in 2012.

Vieglass Chairman, Ho Quynh Hung.

Nguyen Huy Thang and Thai Tran Quoc represented Vieglass at the 39th ASEAN Glass Conference.

DienQuang Lamp, Viglacera Float Glass, Trang An Float Glass, DapCau Sheet Glass, ChuLai Float Glass and Kala Glass. The current Chairman of Vieglass is Ho Quynh Hung, with Thai Tran Quoc as Honorary Chairman. Vieglass General Secretary is Nguyen Huy Thang and Chairman of the organising committee for the 41st ASEAN Glass Conference is Ngo Quoc Huan. Vice Chairmen of the organising committee are Ian S Olmilla and Le Van Tho. The AFGM is a 40 year old regional

industry association, consisting of the national industry associations from ASEAN member countries. The current Chairman is Viwat Supatham and the General Secretary is Worawit Sureesarakorn. In addition to Vieglass, other member associations of the AFGM include:

- Indonesia:** Indonesia Glass Manufacturers Association
 - Chairman: Henry Susanto.
- Malaysia:** Glass Manufacturers Association of Malaysia
 - Chairman: Chai Kung Fee.

Philippines: Glass Manufacturers' Association of the Philippines

- Chairman: Emmanuel Alcantara.

How do you clean your Hot End?

- The unique Hot-End Cleaning System ME 1700 was developed especially for the requirements of container-glass production.
- Requires no chemicals or detergents.
- Savings of up to 80% of manual cleaning time in the IS-Maintenance Workshop.
- Excellent cleaning-results, even the worst backed on carbon, grease and oil deposits are easily and quickly removed.
- Cleaning of all IS machine-parts such as mould holders and inserts, take out tongs, shear-mechanism parts, neck-ring arms, funnel arms etc., with perfect results in the shortest time.
- Conveyor-belts cleaned in minutes during a job-change, belt is rendered completely free of baked on carbon, grease, oil and hot-end coating deposits. Under belt cooling is improved, contamination of container bottoms eliminated.
- Cleaning IS-machines, feeder platforms and area around the productions lines.
- Appreciated worldwide by International Glass Container manufacturers.
